

ENERGETIX PRESENTS

2012 BioEnergetic Methodologies

Two-Day Event Coming to
Denver, CO January 27-28, 2012

The BioEnergetic Methodologies Course offers practitioners a foundation in BioEnergetic Medicine that is immediately valuable in clinical application. It is designed to assist the practitioner in the skills of developing individualized healing strategies, utilizing the body's inherent wisdom and design. Included in the curriculum are considerations of Effective Remedy Combining, Homeopathy, and Homotoxicology.

Topics Include:

- What do you do when protocols fail?
- Customizing healing strategies
- How to increase patient compliance
- Homeopathy - principles in practice
- Increase your ability to effectively combine nutrition, herbs, and homeopathy
- How Energetix can complement your natural pharmacy

"For those who want to learn to think "outside the box" and are willing to bring an open mind to the table, this course provides a step-by-step process to do just that." – Ann McCombs, D.O.

"As an acupuncturist and herbalist trained in Traditional Oriental Medicine, my patients have made great strides in regaining their health, and as a result my practice has soared. It brings me great joy to recommend this company to any and all of my fellow colleagues seeking something that is of the highest and finest quality that will exceed all expectations. Energetix has raised the bar, and renders a great service to the healing arts profession." – CW, L.Ac., Dipl. Ac. - NC

Register today! Limited seating is available.
